Jan said, “I feel in that time I have learned so much with my increased involvement with the association. It is so important to advocate for Home Care locally and nationally and the Home Care Association does a wonderful job getting us front and center! Home Health, Hospice and In-Home Care are ever evolving and growing areas of Healthcare. As we continue to grow our Association, I would be proud to assist in leading it. I would consider it a privilege to be considered for the position of President Elect.”
